1. Attached is an initialed copy of the form PTO-1449 that accompanied the information disclosure statement of 1/30/04. The references crossed out were not in the electronic file (the examiner notes that although these references may have been cited in one of the parent applications to this application, the reference itself may not be in the file wrapper of that parent application (i.e., if that reference, when cited in the parent application, were itself being cited because it was listed in a parent application to that application -- this specification has a long history involving numerous applications)).

2. Any questions regarding this communication should be directed to Eric Culbreth at 571-272-6668.
